Although our schedule seems busy, this year the extra days will make it easier on the youth and on the animals by allowing us to not have all classes within just two days. We will have relaxed time within the barn and to enjoy the Fair. We have tried to schedule our main classes so they don't conflict with other livestock shows.

Shampoo Day is to clean all animals and ready them for the Fair. If you have brushed out your animal well early on in the season as required, this will not be a problem on Shampoo Day.

A Fair Schedule of group duties will be set up in 2 hour time periods so all llamas will be cared for all days. You will not need to worry about care for your animal except at your assigned times.

Walk-A-Llama is an event that we offer to the public. We receive donations which goes into our barn fund. The busiest Walk-A-Llama time is on Friday night.

Lleaping Llama and Llama Limbo are fun classes for the club and also entertain the public. We usually get large crowds who get caught up in the fun. Some of these times may be altered somewhat if time does not permit or weather is too hot.

The Parent Show is an annual event within our Club. The club members teach one parent how to do Showmanship and Obstacle to compete. Due to the expertise of some, we now have a Novice and Masters Class. Ribbons are awarded!

The Classes offered to the 4-H Members are: (Poster, Showmanship & Obstacle are required)

Showmanship	Obstacle	Poster
PR Obstacle	Pack	Wool Projects
Youth Judging	Costume	

Classes are divided according to age (Beg., Int., Sr.) and further divided into the ability of the animals. (Beg., Adv., Masters) This allows smaller age divisions and more ribbon placings. We try to accommodate everyone and their skills. Grand & Reserve Champions receive a very nice plaques.

You will receive a notice from the Office for donations to 4-H for the fair plaques. If you do donate, please specify the llama club so they know our group is participating in these donations.
